

New York Consortium for Interdisciplinary Training in Kidney, Urological, and Hematological Research

Post-doctoral Fellowships Available in Kidney, Urological & Hematological Research

We are seeking applications for training investigators in the fields of benign **kidney, urology & hematology**. We have brought together expertise in research and education to establish the New York Consortium for Interdisciplinary Training in Kidney, Urological, and Hematological Research (KUHR: pronounced “cure”).

The fellowships, funded by the NIH, allow interdisciplinary training with world class investigators across 4 prestigious New York Research Institutions.

Applications now being accepted for 2-3-year post-doctoral training grants starting July 1st 2024. Both applicants & mentors should submit application documents [here](#) by March 15, 2024 at 11:59 PM ET.

- **Applicants should submit 1 PDF which includes:**
 - o An NIH biosketch for the applicant
 - o An NIH biosketch for the mentor
 - o Personal statement (maximum 1 page) detailing previous research experiences, career aspirations and a training plan
 - o Research proposal (maximum 1 page) detailing the specific aims to be accomplished during funding period with a timeline (please contact us if unsure of project at the time of submission)
- **For each applicant, 2 letters of recommendation should be uploaded by the letter writer**
 - o At least 1 should be from a current or former research mentor
 - o The mentor letter should include a mentoring plan for the trainee
